WARRANTY AGREEMENT – MECHANICAL SERVICES

Fountain Tire warrants that the performed repairs will be free from defects in material or workmanship for either 12 months from the date of repair or 20,000 kilometres, whichever comes first, provided, however, that for selected services the warranty period is as specifically outlined in this folder.

If you experience a warranty related problem with the repaired vehicle as the result of a defect in either workmanship or material during the warranty period, Fountain Tire will perform the repairs again, including parts and labour, under the terms of the warranty as outlined.† Warranty repairs do not extend original warranty periods. Warranty repair costs are covered up to the cost of the original repair.

Exclusions apply. See EXCLUSIONS.

SERVICE WARRANTY POLICY

This warranty is only for you as the original purchaser of the warranted services and the vehicle serviced. It is not transferable. Any consequential, incidental or indirect damage and any loss of profit or the like are excluded and are not covered by this warranty. This warranty is in lieu of any implied warranty of merchantability, fitness for a particular purpose, or any other statutory warranty whatsoever. In the event that provincial law precludes the exclusion of any such implied warranties, any such surviving implied warranties shall be limited to the duration of this warranty and shall exclude consequential, incidental or indirect damages as well as any loss of profit. This warranty gives you specific legal rights and you may have other rights which vary from province to province.

Some provinces do not allow the exclusion or limitation of incidental or consequential damages, or allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you (but in no event shall the inapplicability of such limitations or exclusions invalidate any other terms of this warranty).

A purchaser of these warranted products or services has the right to have warranty services performed during the warranty period. The warranty period will be extended for the number of whole days that the vehicle has been out of the original purchaser's hands for warranty repairs. If a covered condition exists within the warranty period, the warranty will not expire until the condition has been fixed. The warranty period will also be extended if the warranty repairs have not been performed due to delays caused by circumstances beyond the control of the original purchaser, or if the warranty repairs did not remedy the condition and the buyer notifies the Fountain Tire which performed the warranted service of the failure of the repairs within 60 days after they were completed. If, after a reasonable number of attempts, the condition has not been fixed, the original purchaser may return his/her vehicle for a replacement of parts, if applicable, or a refund, in either case, subject to deduction of a reasonable charge for usage. This time extension does not affect the protections or remedies the original purchase has under any law which applies.

For peace of mind when traveling, this warranty will be honoured at any Fountain Tire or at any participating independent Goodyear Tire & Service Network outlet in Canada and the United States.*
